EXAMINER'S AMENDMENT

The application has been amended as follows:

Claim 18, line 5, "configured to guided" has been changed to --configured to be guided-- in order to correct an obvious typographical error.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

The prior art does not disclose or suggest "said non-rotatable member comprises one of a guide key and a key groove, and said frame comprises the other of said key groove and said guide key, said guide key and said key groove being slidably engageable with each other and guiding the frame in the axis direction" in combination with the remaining claim elements as set forth in claims 1-17.

The prior art does not disclose or suggest "a guide key and a key groove, one of which is located on said stationary barrel, the other of which is located on said linearly movable ring, respectively, wherein said guide key is engaged in said key groove to regulate a direction of movement of said linearly movable ring relative to said stationary barrel at least when said retractable holder is held at a radially retracted position on said plane at which said retractable optical element is positioned at the outside of the position of the optical axis" in combination with the remaining claim elements as set forth in claims 18-36.

Art Unit: 2851

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
